

# C82 DRIVEWAY & PATIO SEALER

**PENETRATING  
SURFACE PROTECTOR  
FOR BLOCK PAVING,  
SLABS & NATURAL  
STONE**

- Repels **water, oil & stains**
- **Enhances** natural stone
- Makes **cleaning easier**

**DURABLE STAIN  
& MOISTURE  
BARRIER**

**FOR USE ON  
NATURAL & ARTIFICIAL  
STONE & TILES**

## DIRECTIONS:

**1.**

**PRE-APPLICATION:**  
Apply the sealer to a **small area first** to ensure compatibility and the desired visual effect.

**2.**

**APPLICATION:**  
Ensure surfaces are thoroughly **cleaned**.  
  
After cleaning, let the area dry fully. Then, apply SCRUBB Driveway & Patio Sealer **undiluted** using a **roller, brush or mop**.

**3.**

**METHOD:**  
For highly absorbent materials or a stronger colour-enhancing effect, apply a **second or third** coat, wait **24hrs** between each. Applying too much in one coat can result in a patchy appearance. **Use thin, even coats.**

**Important note:** Always wear the recommended personal protective equipment (PPE) and follow the safety guidelines on the product label.

### IDEAL USE CASES:

- **New patios and driveways:** Protect and preserve the appearance of newly laid surfaces.
- **Restored surfaces:** After using SCRUBB Black Spot Remover to clean old patios or driveways, seal the surface to lock in the refreshed look and enhance its colour.
- **Stain-prone areas:** This sealer is perfect for outdoor areas prone to staining, such as spots near barbecues or under trees.
- **High-traffic areas:** Ideal for paths, driveways, and other surfaces exposed to frequent foot or vehicle traffic, as it helps resist wear and tear.

### BEST PRACTICE:

- **Reapply periodically:** For high-traffic areas or surfaces exposed to severe weather, reapply the sealer every few years to maintain protection.
- **Enhance colour:** For a more vibrant colour enhancement, apply additional coats after the first has dried completely.
- **Non-porous surfaces:** Avoid using on polished marble or glazed tiles, as these won't absorb the sealer.
- **Constantly wet surfaces:** This product is not suited for areas with continuous moisture, like pool surrounds. Consider a waterproofing sealant for these conditions.
- **Damaged surfaces:** Do not apply to crumbling or heavily damaged areas. These should be repaired or replaced first.

| SIZE | PRODUCT CODE | PRODUCT NAME               | CASE QTY | PALLET QTY | BARCODE NO.   |
|------|--------------|----------------------------|----------|------------|---------------|
| 5L   | C82SC C500   | Driveway & Patio Sealer 5L | 2        | 160        | 5037832334237 |

**Safety:** May produce an allergic reaction. Causes serious eye irritation. Keep out of reach of children. Wash hands thoroughly after handling. Wear eye protection. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
