

S99 ERADICRETE®

CONCRETE REMOVER

- **Non-toxic**, non-corrosive formulation
- Will not damage **equipment** or **surfaces**
- Removes **concrete**, **cement** and **limescale**

SAFE TO HANDLE

BIO-DEGRADABLE

DIRECTIONS:

1.

APPLICATION:

Make sure surfaces are **cool** and **clean** from loose debris.

Pre-wet the area with water, then apply a **thorough covering** of EradiCRETE® foam.

2.

DWELL TIME:

Allow the foam to sit for **15-30 minutes** for moderate buildup.

For **heavier deposits**, multiple applications or an **overnight dwell** time may be necessary.

3.

RINSE OFF:

Once the concrete is softened, use a **damp cloth**, **brush** or **pressure washer** if desired to rinse it away, leaving surfaces clean and damage-free.

Important note: Always wear the recommended personal protective equipment (PPE) and follow the safety guidelines on the product label.

IDEAL USE CASES:

- **Cleaning tools and equipment** like cement mixers, shovels and plastering trowels
- Removing **render and cement splashes** from windows, UPVC window/door frames, decking and tarmac.
- Dried **concrete** and **cement** removal from various surfaces.

BEST PRACTICE:

- **Use with care on concrete pavers or slabs:** Product may react with the surface and leave marks if left too long – try in a small inconspicuous area first.
- **Won't work on latex screed and tile adhesives:** EradiCRETE® isn't formulated to dissolve the polymers found in these materials.

SIZE	PRODUCT CODE	PRODUCT NAME	CASE QTY	PALLET QTY	BARCODE NO.
1L	S99SC T100	Eradicrete® Concrete Remover 1L	6	600	5037832329592
