

S69 BLACK SPOT REMOVER

RESTORES PAVING,
NATURAL STONE,
CONCRETE,
DRIVEWAYS &
BRICKWORK

40M²
PER 5L

COVERAGE

- Eliminates **black spots, dirt & grime**
- **Restores masonry** surfaces
- **High strength** formulation

EFFECTIVELY REMOVES THE TOUGHEST STAINS | **CLEANS DEEPLY, NO NEED FOR EXCESSIVE SCRUBBING**

DIRECTIONS:

<p>1.</p>	<p>PRE-APPLICATION: Brush away loose dirt and debris to ensure the product can penetrate grime effectively.</p>	<p>2.</p>	<p>APPLICATION: Pour or spray directly onto the surface using a watering can or sprayer.</p> <p>Ensure the surface is fully saturated, then leave for at least 2 hours (or overnight for best results).</p>	<p>3.</p>	<p>RINSE: Wash off with clean water or use a pressure washer for a deep clean.</p> <p>For heavily soiled or stubborn areas, repeat the process and work with a stiff-bristled brush.</p>
------------------	--	------------------	--	------------------	--

Important note: Always wear the recommended personal protective equipment (PPE) and follow the safety guidelines on the product label.

IDEAL USE CASES:

- **Patios, paths, and driveways:** Remove unsightly black spots, dirt and grime from block paving, concrete, and stone surfaces.
- **Stone walls and retaining walls:** Deeply clean and brighten stone or brick walls weathered by stains and grime.
- **Terraces and outdoor living spaces:** Restore the appearance of outdoor seating and dining areas, removing stubborn dirt and organic growth.
- **Swimming pool surrounds:** Eliminate dark marks from poolside concrete or stone areas, keeping them clean and safe.

BEST PRACTICE:

- **Near water features or ponds:** Avoid application where runoff could enter water features, ponds, or streams, as it may harm aquatic life.
- **Plants and vegetation:** Prevent contact with flowers, plants, or lawns, as the strong formulation could cause damage. Cover or pre-saturate with water for added protection.
