

BLACK SPOT REMOVER

RESTORES PAVING, NATURAL STONE, CONCRETE, DRIVEWAYS & BRICKWORK

SCRUBB Black Spot Remover powers away black spots, grime and stains on exterior masonry surfaces. Lifts even tough aged dirt to deeply clean and restore areas of block paving, concrete, and natural stone.

- Eliminates black spots, dirt & grime
- Restores masonry surfaces
- High strength formulation

DIRECTIONS FOR USE:

Brush any dirt or loose debris from the surface, then apply SCRUBB Black Spot Remover neat using a sprayer or watering can. Saturate the surface and leave for at least 2 hours or preferably overnight. Rinse thoroughly with clean water or a pressure washer. Stubborn areas may benefit from a second application or working with a stiff-bristled brush. Coverage: up to 40 square metres per 5L. Precautions: Prevent run-off onto plants or into ponds, waterways etc. and take care to avoid contact with fabrics and clothing. Do not apply in strong sunlight or hot weather.

DANGER:

Contains: sodium hydroxide; sodium hypochlorite. May be corrosive to metals. Causes severe skin burns and eye damage. Keep out of reach of children. If medical advice is needed, have product container or label at hand. Do not breathe vapour/mist. Wear eye protection, protective gloves. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. Store locked up. Dispose of contents/container in accordance with local regulation.

INGREDIENTS:

chlorine-based bleaching agents 5-15%, anionic surfactants <5%, non-ionic surfactants <5%
