

C23 TILE & STONE SEALER

FOR UNGLAZED
TILES & NATURAL
STONE

6M²
PER 1L

- Protects against **stains, water & oil**
- **Seals** tiles & grout **joints**
- For **indoor & outdoor** use

REPELS WATER
& OIL-BASED
STAINS

DEEP-PENETRATING
PROTECTIVE
FORMULA

DIRECTIONS:

1.

PRE- APPLICATION:

Ensure the surface is **clean** and **completely dry**.

For new tile installations:
Use SCRUBB Grout & Cement Film Remover to remove any grout residue before sealing.

2.

METHOD:

Use a **roller, brush,** or **mop** to apply a generous, **even coat**.

Allow absorption: Let the sealer soak in and dry naturally.

3.

CLEAN OFF:

For **highly absorbent materials**, apply 2-3 coats, allowing **24 hours** between each application.

The surface is ready for **foot traffic** after 24 hours.

Important note: Always wear the recommended personal protective equipment (PPE) and follow the safety guidelines on the product label.

IDEAL USE CASES:

- ✓ **Sealing natural stone surfaces:** Protects porous stones like limestone, slate, and marble from staining and moisture penetration.
- ✓ **Enhancing interior and exterior tiled areas:** Adds a subtle colour-enhancing effect, bringing out the natural beauty of stone and unglazed tiles.
- ✓ **Protecting floor and wall tiles:** Makes surfaces easier to clean by repelling dirt, oil, and water.
- ✓ **Restoring faded stonework:** Ideal for revitalizing older stone surfaces by enhancing their natural appearance while adding protection.

BEST PRACTICE:

- ✓ **Prepare surfaces before sealing:** on newly installed tiles, a deep clean with SCRUBB Grout & Cement Film Remover ensures that grout haze and residues do not get sealed in.
- ✓ **Avoid using on glazed or highly polished tiles** – these surfaces will not absorb the sealer.
- ✓ **Test on a small area first** – to check for the desired level of enhancement and absorption.

SIZE	PRODUCT CODE	PRODUCT NAME	CASE QTY	PALLET QTY	BARCODE NO.
1L	C23SC C100	Tile & Stone Sealer 1L	6	600	5037832335456

Safety: Contains: Poly(oxy-1,2-ethanediyl), a-(3-carboxy-1-oxosulfofopropyl)-whydroxy-, C10-12-alkyl ethers, disodium salts; 1,2-benzisothiazol 3(2H)-one. May produce an allergic reaction. Causes serious eye irritation. Keep out of reach of children. Wash hands thoroughly after handling. Wear eye protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
