

# ADVANCED MOSS KILLER RTU

FOR DRIVEWAYS, PATIOS & HARD SURFACES

**SCRUBB®**  
SO YOU DON'T HAVE TO.

SCRUBB Advanced Moss Killer contains 60g/l acetic acid as a ready to use formulation for the control of weeds and unwanted vegetation. DO NOT USE ON LAWNS. FOR USE ONLY AS AN AMATEUR MOSSKILLER AND WEEDKILLER.

- Visible results in 24hrs
- Fast action to control moss & weeds
- Effective against common garden weeds

#### DIRECTIONS FOR USE:

Attach the hose lock trigger then turn the nozzle to the 'ON' position. Spray the foliage of the weeds or moss completely and evenly until the leaves and stems are fully wetted but avoid spray run off from the leaves (no more than 100ml/m<sup>2</sup>). After spraying turn the nozzle to the 'OFF' position. Repeat after 14 days against surviving weeds and moss if necessary, or when fresh growth is seen. Apply on a dry day when rain is not expected. Do not apply where rainfall is expected within 6 hours of application. Rain after spraying may wash spray from the leaves and lead to a poor result. After spraying keep people and animals off dense patches of weeds and moss until the spray has dried, often just 15-20 minutes. However, this is not necessary for treated areas containing only occasional, low, or prostrate weeds and moss such as may be found on pathways. Advanced Moss Killer may cause some surfaces to become slippery for a short time after spraying. There are no residual effects of Advanced Moss Killer in the soil. Sowing or planting may be undertaken as soon as the weeds or moss have died.

#### RISK AND SAFETY INFORMATION:

Read label carefully before use. Keep out of reach of children. If medical advice is needed, have product container or label to hand. Do not breathe spray. Remove/Take off immediately all contaminated clothing. WASH HANDS AND EXPOSED SKIN AFTER USE. WASH OFF SPLASHES (IMMEDIATELY). WHEN USING DO NOT EAT, DRINK OR SMOKE. Use appropriate containment to avoid environmental contamination. Do not empty into drains. Do not contaminate water with the product or its container. Dispose of contents/container to a household recycling centre as hazardous waste, except for empty containers which can be disposed of by recycling. To avoid risk to human health and the environment, comply with the instructions for use.
